CAREER OBJECTIVE

Looking to work in an organization that can provide a variety of opportunities that allow me to expand my skills and knowledge while working towards achieving the organizational goals.

EDUCATION

Velammal College of Engineering and Technology, Madurai.

B.E. ELECTRONICS AND COMMUNICATION ENGINEERING WITH HONORS 2021-2025

- CGPA-7.79

Velammal Vidyalaya Viraganoor ,Madurai.

HIGHER SECONDARY 2020-2021

- Percentage-83.4%

Velammal Vidyalaya Viraganoor ,Madurai.

SECONDARY 2018-2019

- Percentage-80.4%

SKILLS

- Arudopilot and Inav Configuration
- Linux
- AWS and Azure
- Python
- C
- C++
- HTML & CSS & Java script
- MySQL
- UI/UX

PERSONALITY TRAITS

- Leadership and Determination.
- Problem-solving.
- Collaborative.
- Time Management.

PROFESSIONAL EXPERIENCE

INTERNSHIP EXPERIENCE

Avian Aerospace Pvt Ltd, Bangalore | July-2023

- Feature Detection And Development of 2D Orthomosaic Maps, 3D Photogrammetry And Autonomous Exploration of Drones.
- Introduction to UAV, Flight Controller Calibration, Introduction to 3D Printing Technology.

WORK EXPERIENCE

Avian Aerospace Pvt Ltd, Bangalore | 22 Nov 2025 - Present

- Contributed to the design and development of UAV airframes, ensuring structural integrity, payload integration, and system compatibility.
- Performed end-to-end UAV assembly, system integration, validation, troubleshooting, and flight testing.
- Built, configured, tested, and operated various UAV platforms, including:
 - High-altitude surveillance drones.
 - 30 kg payload logistics drones.
 - Counter drone equipped with jammer and net-launching system.
 - VTOL UAVs integrated with jamming and a 4-meter wingspan.
 - 7-inch FPV drones using INAV and Mission Planner Firmware.
- Represented the organization at the North Tech Symposium (May 2026), attended by the Defence Minister of India, and supported the display and demonstration of UAV systems deployed in collaboration with Army units.

CERTIFICATIONS

- AZ-900 : Azure Fundamentals. September|2025
- Elite + Slive in Signal Processing Techniques and its Application. January-April|2024
- First Place in Idea Hackathon April|2023
- Elite Certification in Real-Time Digital Signal Processing. October|2023
- Google Certification on Cybersecurity. July-October|2023

PAPERS PRESENTED

- Presented a paper titled "Deep Learning for Oral Cancer Detection: AFF-U- Net Performance Analysis ." at Govt model Engineering college, Kochi. April| 2025.
- Presented a paper titled "AI Early detection of Brain Tumor through AFF-U-NET. " at IIIT Kottayam. December| 2024.
- Presented a paper titled "Performance Measure of classifiers on Histopathology images using Deep learning at Velammal college of Engineering and Technology.
- Presented a paper titled " Farmar Friendly Robot" at Hindusthan College of Engineering and Technology. September| 2022.

AERAS OF INTEREST

- UAV 's
- Cloud Computing.
- Image Processing
- AI/ML/Deep learning

EXTRA CURRICULAR

SCHOOL-DISTRICT LEVEL

- Handball - Runners.
- Kho-Kho - Runners.

INTER- COLLEGE

- Handball - Winners.
- Football,Basketball,Kho-Kho - Runners.

- Participated in field demonstrations, performance evaluations, and operational testing to validate mission readiness and system reliability.
- Currently contributing to the development, integration, and testing of a 100 kg payload heavy-lift UAV platform, while supporting composite manufacturing through the production of carbon fiber sheets using the Hand Lay-Up process for UAV structural applications.
- Coordinated component procurement, vendor communication, shipment tracking, and inventory management to ensure timely project execution.

PROJECTS

AWS CI/CD Pipeline Using Jenkins, Docker & ECR

- Built and deployed an automated CI/CD pipeline using Jenkins, Docker, and AWS ECR to continuously build, tag, and push containerized applications from GitHub.

Web Application Deployment on AWS

- Built a robust web application infrastructure on AWS featuring VPC, EC2, Application Load Balancer, Bastion Host, and Auto Scaling to achieve high availability, security, and dynamic scalability.

Food Delivery Website

- Developed and deployed a responsive food delivery website using HTML, CSS, and JavaScript via Cursor AI (Vibe Coding) and hosted it on AWS EC2 with Nginx.

Personal Portfolio Development

- Created a responsive portfolio website using HTML and CSS to feature my projects and skills. Hosted on Vercel for seamless online access - <https://website-praveen-portfolio.vercel.app/>.
